# LEARN MORE...

## About S.B. Prakashan

At S.B. Prakashan Pvt. Ltd., we are currently dealing with Textbooks and course books of grades 1st to 8th. We are associated with a larger group of M.S. Group of Companies, which is having its root in various other educational fields as well. Each year, we are growing as a company. We are making our name in one of the leading publication houses in the current market. Our books go through a careful examination and it is made sure that only standardised and quality content is published in our textbooks to

provide students with the best of knowledge. We deal with various school boards and their syllabus for every subject. We have a prestigious batch of authors who work with top educational institutes. We cover not only North India but also deal with central and are looking forward to expanding further. We aim to provide the best quality material.

# National Preceptor Viva Award 2022

## Centre for Education Ladder

---

Throughout history, tree has served as a symbol of life, growth, and intellectual development. Reaching towards the sky with its roots firmly in the ground, it is the embodiment of our philosophy.

We at CEL believe that education is a fundamental right and each one should have access to quality education. With this view in mind, we strive to create opportunities for those who have genuine aspiration and honest intentions. Today's world is seeing fast-paced changes. The effects of such social change on the individual and the community include: the increasing difficulty in relying on traditional social support, the inability to transfer cultural values to younger generations, frustration with contemporary lifestyles, and the lack of possibilities for assuming a fulfilled life. This is a bleak picture, which is exactly why CEL understands the importance of gaining the skills and leadership abilities that are needed by today's youth. Our team strongly believes that education, training, and awareness can make a difference and can inspire us to create a more equitable and sustainable society for the future.

We aim to extend a helping hand to schools as they embark on the journey to implement NEP and set examples for others with our distinguished quality of services for schools and students. We strive to uphold the excellence of quality education by providing inclusive, competent and professional support to educational institutions and students. Our short-term plan is to increase the number of CEL'S family members at PAN.

The most striking feature of our venture is to provide effective services to our schools. We also have connection with educational authorities to bring quality content and methodology for overall development and continuous growth of students. CEL is dedicated towards informing, educating, enlightening, accurately and openly for a better world. CEL aspires to be the top of the choice venture and a provider of highly customised educational products that are in sync with the changing paradigms of the education arena. We engage, employ and have expertise in the state of multiple real world experiences.

Our mission is to inspire and motivate positive changes in both individuals, organizations and to shape empowered leaders for tomorrow.

Thank You,

A handwritten signature in black ink, appearing to read 'Dr. Sri Krishan'.

Dr. Sri Krishan,  
CEO, Centre for Education Ladder
